

Welcome to the guest style mood board!

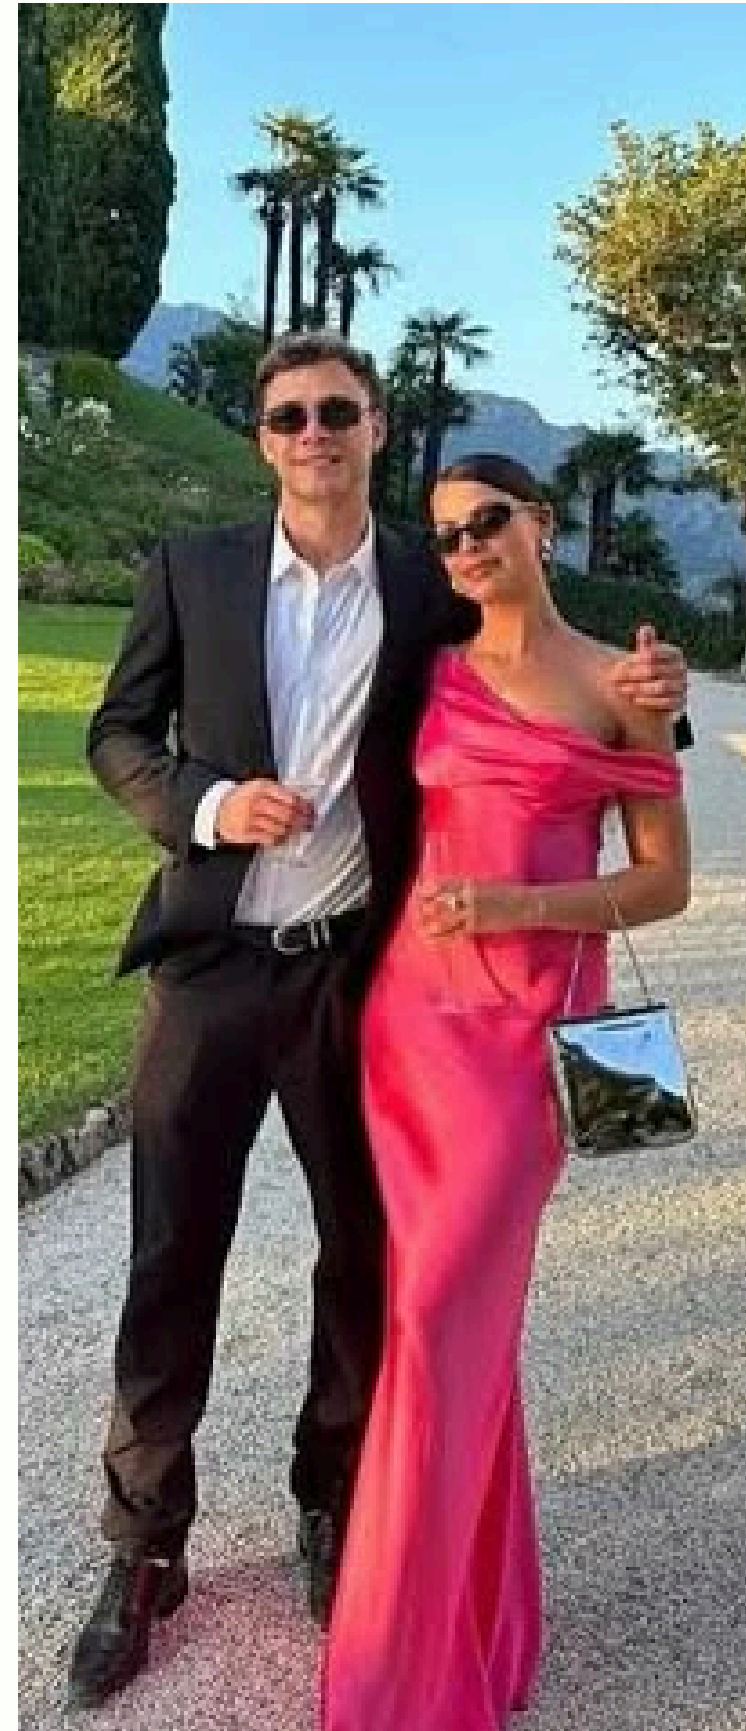

Please use this mood board as inspiration for the wedding day (**Thursday, 20th June**) look.

There's no need to match it exactly, but we'd love to see your personal take on these styles and looks!

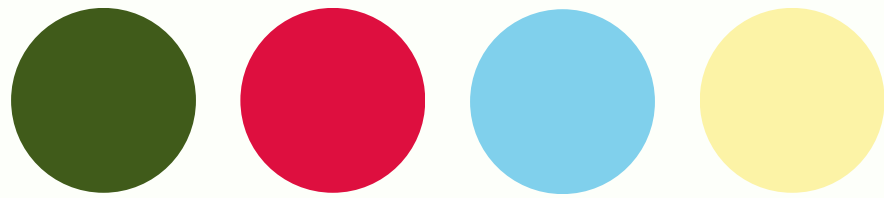

Inspiration for the gents

Same as for ladies, there's no need to match this mood board exactly. Elegant timeless look in darker and muted colours is the general preference.

Small tip: if you want to incorporate one of the dresscode colours to your outfit, check out ties/bowties/pocket squares. Socks would do too :)

If you are joining us on **Thursday, June 19th** for a relaxed pre-drink gathering on the rooftop, there's no need to dress up in a special way. Just keep it nice, smart, casual and get ready to unwind with us before the big day!

Most importantly, be your beautiful self —
because that's the best outfit of all!

With love,
Tjerk & Nadia
